

Examples of correctly completing the CCHD section of the blood card.

1. Time, date and pass are all specified.

CCHD Screen Date 4/18/16	Time (Military) 13:30	<input checked="" type="checkbox"/> Pass	<input type="checkbox"/> Fail	
Not Screened	<input type="checkbox"/> NICU/O2	<input type="checkbox"/> Declined	<input type="checkbox"/> Transferred	<input type="checkbox"/> Deceased
<input type="checkbox"/> Echo normal	<input type="checkbox"/> Known heart disease	<input type="checkbox"/> Other _____		

2. Infant was not screened – on oxygen

CCHD Screen Date	Time (Military)	<input type="checkbox"/> Pass	<input type="checkbox"/> Fail	
Not Screened	<input checked="" type="checkbox"/> NICU/O2	<input type="checkbox"/> Declined	<input type="checkbox"/> Transferred	<input type="checkbox"/> Deceased
<input type="checkbox"/> Echo normal	<input type="checkbox"/> Known heart disease	<input type="checkbox"/> Other _____		

3. Infant was not screened, transferred

CCHD Screen Date	Time (Military)	<input type="checkbox"/> Pass	<input type="checkbox"/> Fail	
Not Screened	<input type="checkbox"/> NICU/O2	<input type="checkbox"/> Declined	<input checked="" type="checkbox"/> Transferred	<input type="checkbox"/> Deceased
<input type="checkbox"/> Echo normal	<input type="checkbox"/> Known heart disease	<input type="checkbox"/> Other _____		

Examples of the three most common errors when filling out the CCHD section of the blood card:

1. Time and date are specified, but neither pass or fail is defined.

CCHD Screen Date 4/18/16	Time (Military) 11:45	<input type="checkbox"/> Pass	<input type="checkbox"/> Fail	
Not Screened	<input type="checkbox"/> NICU/O2	<input type="checkbox"/> Declined	<input type="checkbox"/> Transferred	<input type="checkbox"/> Deceased
<input type="checkbox"/> Echo normal	<input type="checkbox"/> Known heart disease	<input type="checkbox"/> Other _____		

This card would be entered in WETRAC as "Missing" and would appear on the blood card submitter's queue for follow up.

2. Time and date are specified, but both pass and fail are checked.

CCHD Screen Date 4/19/16	Time (Military) 06:30	<input checked="" type="checkbox"/> Pass	<input checked="" type="checkbox"/> Fail	
Not Screened	<input type="checkbox"/> NICU/O2	<input type="checkbox"/> Declined	<input type="checkbox"/> Transferred	<input type="checkbox"/> Deceased
<input type="checkbox"/> Echo normal	<input type="checkbox"/> Known heart disease	<input type="checkbox"/> Other _____		

This card would be entered in WETRAC as "Screened/Unknown."

3. Time and date are specified, which would suggest the infant was screened: however, not screened NICU was also listed. It's not clear what the date and time are referring to if the infant was not screened and in the NICU.

CCHD Screen Date 5/2/16	Time (Military) 18:00	<input type="checkbox"/> Pass	<input type="checkbox"/> Fail	
Not Screened	<input checked="" type="checkbox"/> NICU/O2	<input type="checkbox"/> Declined	<input type="checkbox"/> Transferred	<input type="checkbox"/> Deceased
<input type="checkbox"/> Echo normal	<input type="checkbox"/> Known heart disease	<input type="checkbox"/> Other _____		

This card would be entered in WETRAC as "Not Screened – NICU."

Critical Congenital
Heart Disease
(CCHD) Screening

Right Hand	Either Foot											
100	100	99	98	97	96	95	94	93	92	91	90	<90
99	100	99	98	97	96	95	94	93	92	91	90	<90
98	100	99	98	97	96	95	94	93	92	91	90	<90
